

The Conference will be held in Tokyo (Japan) on September 17 - 19, 2019.

EEMODS'19 will provide a forum to discuss and debate the latest developments in the impacts of electrical motor systems on energy and the environment, the energy efficiency policies and programmes, standards (including ISO 50.001) and programmes adopted and planned, and the technical and commercial advances made in the dissemination and penetration of energy-efficient motor systems.

The conference is very international by nature, and aims to attract high quality and innovative papers and participants from every corner of the world.

We would like to invite you to consider the sponsoring packages for the conference described below.

We are happy to assist you with any questions and queries you may have.  
Please feel free to contact us.

Best regards,

The Japan Electrical Manufacturers' Association
